

AI IELTS & TOEFL Writing Coach - UI/UX Requirements Document

Purpose

Design a modern mobile application for IELTS and TOEFL students. The application should feel like a premium writing coach rather than a generic AI chatbot. The design must emphasize progress, improvement, habit building, and personalized coaching.

Design Principles

- Clean and professional academic look
- Premium and trustworthy visual language
- Modern rounded cards and subtle shadows
- Suitable for both iOS and Android
- Focus on progress visualization and motivation
- Avoid chatbot-style interfaces
